## Memo

**To:** Facilities Services staff  
**From:** Minakshi M. Amundsen, AVP Facilities and Campus Planning  
**Date:** January 30, 2018  
**Re:** Purchasing energy-efficient appliances

I would like to formalize a long-standing practice in the department of purchasing Energy Star appliances for use in student housing and other campus facilities.

In keeping with College sustainability and energy conservation goals, and consistent with current practice, it is the policy of Facilities Services that all purchased appliances be Energy Star certified, where eligible. Such appliances include, but are not limited to, dishwashers, refrigerators, freezers, dehumidifiers, clothes dryers, and clothes washers.
