UAlbany Transportation Survey

UAlbany Faculty & Staff Transportation Survey

Fall 2016

Informed Consent Form

(Click on the "Next" button below to consent and proceed to the survey.)

This short 10-20 minute survey covers issues related to your experiences with transportation to, from, and within the UAlbany campuses. The results of this survey will be used by the University to inform our ongoing efforts to improve satisfaction with our transportation options.

Your participation in this research is completely voluntary; you are free to skip any questions you do not wish to answer.

All responses will be held in strict confidence, and used only for research, planning, and program evaluation purposes. Some results of this study may be disseminated or made publicly available, but will only be presented in aggregate form in ways that ensure that no individual respondents can be identified by their answers.

This survey is administered by the UAlbany Office of Institutional Research, Planning and Effectiveness, using a service called "SNAP surveys." SNAP uses a secure web server, and encrypts your responses to prevent viewing by third parties.

There is no risk involved in taking the survey, but there is the potential benefit of having your participation help UAlbany improve its transportation systems for all members of the UAlbany community.

If you have any questions concerning the survey, please contact Dr. Joel Bloom, in the Office of Institutional Research, Planning & Effectiveness, at (518) 437-4791 or uasurvey@albany.edu.

The University at Albany's Office of Regulatory Research Compliance has determined that this survey does not require IRB review.

**I have read, or been informed of, the information about this study.
I hereby consent to participate in the study.**
