Hi Clayton,

I have been out of the office for an extended period of time and have not had the time to do the research on these questions. I have copied Bonnie Shaw on this email she would be the best person to respond.

Thanks,  
Teresa

**Subject:** AASHE Assessment

Ms. Hall,

I have been instructed by Ms. Poole to ask you a few questions about green cleaning for the Association for the Advancement of Sustainability in Higher Education (AASHE). Do you mind answering the questions below? I will input your answers into a spreadsheet along with all of the other data from the assessment.

1. Total expenditures on cleaning products? *127725.04*
2. Expenditures on cleaning products that are Green Seal or UL ECOLOGO certified and/or Safer Choice labeled (or local equivalents for institutions outside the U.S. and Canada)? *3612.30*
3. Total expenditures on janitorial paper products? *63977.39*
4. Expenditures on janitorial paper products that are FSC, Green Seal, and/or UL ECOLOGO certified (or local equivalents for institutions outside the U.S. and Canada)? *63977.39*
5. Percentage of expenditures on cleaning and janitorial products that are third party certified to meet recognized sustainability standards? *Don't know*
6. A brief description of the time period from which the figures reported above are drawn (i.e. one-year time period or representative sample)? *July thru Jan*
7. The website URL where information about the programs or initiatives is available? *Home Depot & Wexie*
8. Additional documentation to support the submission?

Please let me know if you will be able to answer these.

Thanks,  
Clayton Carrell
