## Silver membership benefits

## Unlimited employee access to your member benefits

As a USGBC member, your benefits and resources are available for all of your full-time staff, including access to LEED courses and credential maintenance webinars. Members have a designated primary contact, who has been assigned your USGBC member ID. This member ID

can be used by your employees, who can then visit [usgbc.org](https://www.usgbc.org) and create their own site-user account.

## Show your support for better building

### Member directory with Silver badge

Our Silver level members enjoy the recognition of an enhanced member profile on [usgbc.org](https://www.usgbc.org), denoted with the Silver badge. Take advantage of our highly visited website to tell others what you do. Add photography and testimonials to showcase your impact. Access your benefit.

### Member logo & certificate

Take advantage of using the USGBC member logo on your website and promotional materials. You will also receive a membership certificate for display in your workspace. Access your benefit (</account/membership>).

## 30 hours of access to Education @USGBC

Support your company's LEED professional credential maintenance requirements with free access to 30 hours of continuing education through USGBC's library of courses on Education @USGBC (</resources/education-usgbc-subscription>). Once registered, your employees can receive continuing education hours after passing a convenient online quiz. Access your benefit.

# Members-only insights & exclusive publications

Your Silver level membership makes a statement. It says that you are an industry leader, supporting the ongoing development of USGBC's mission of a prosperous and sustainable future. Your membership commitment supports USGBC's advocacy activities, the USGBC local community network, the Center for Green Schools, Project Haiti among others.

## Insider updates

Receive the latest members-only industry information including informative emails, such as the Members only Insider Update. You will also have the opportunity to subscribe to a variety of other emails and building sector specific digests to stay up-to-date on the latest LEED and industry news and happenings at USGBC. Access your benefit. 

## USGBC+ magazine

*USGBC+* is your membership magazine, and it explores the life and work of the people who design and craft intelligent, high-performance buildings and spaces, bringing to light the creativity and passion behind every green building project. Access *USGBC+* online at [plus.usgbc.org](http://plus.usgbc.org) (<http://plus.usgbc.org/>).

## Participation in LEED ballots & elections

We welcome input into the development and improvement of LEED through public comment periods and member balloting. USGBC member employees also have the opportunity to vote in elections for the Board of Directors. Access your benefit.

## Eligibility to participate in committees & working groups

Influence programs that advance the green building industry by serving on a committee
