AASHE STARS Letter of Affirmation
Pre-Submission Review

December 20, 2021

To Whom It May Concern,

In March 2020, Cassandra Lamontagne, Concordia University Sustainability Coordinator, contacted me to discuss the opportunity of improving each of our STARS reports through an external review process.

After performing a first and second review, I can attest that all identified issues in the Concordia University report have been resolved.

Please feel free to contact me at karen.oberer@mcgill.ca if you have any questions or concerns.

Sincerely,

Karen Oberer,

Sustainability Officer, Monitoring and Reporting
