Dear Tree Campus Higher Education contact,

Congratulations to your campus for earning 2021 Tree Campus Higher Education recognition. Tree Campus Higher Education, an Arbor Day Foundation program, honors colleges and universities and their leaders for promoting healthy trees and engaging students and staff in the spirit of conservation.

To obtain this distinction, your campus has met the five core standards for sustainable campus forestry required by Tree Campus Higher Education, including establishment of a tree advisory committee, evidence of a campus tree care plan, dedicated annual expenditures for your campus tree program, an Arbor Day observance, and the sponsorship of student service learning projects. Your entire campus community should be proud of this sustained commitment to environmental stewardship.

As part of your recognition, you have exclusive access to the Members Only Resource Center. Here you'll find customizable digital materials in a dedicated hub to help celebrate and publicize your recognition, including print-on-demand signage, a press release template, and social media recommendations. You will also have access to past webinars and more. Log in here:

Your physical recognition materials will be shipped and distributed to you on or before [your state's Arbor Day](#). Please reach out with any questions about when and how you will be receiving your materials.

Again, congratulations! If ever there was a time for trees, now is that time. Your diligence in improving the environment and quality of life at your school contributes to a healthier, more sustainable world for us all.

Sincerely,

Lauren Weyers
Program Manager
