

# PC Standards

## How to Purchase PC Standards:

All standards can be purchased through the Boston University's hosted catalog collection, the **BU Terrier Marketplace**. [Click here for step-by-step instructions](#).

In order to get the newest models in your hands as soon as possible, they will initially ship with a standard Lenovo software image. IS&T is working closely with Lenovo to validate the BU Image that will be factory installed on systems that are ordered after January 2. For systems that are ordered before this date please work with your IT support representative for installation of the BU licenses for Microsoft Office, McAfee Antivirus, and VPN.

Click on the system for detailed system specifications.

## PC Notebooks

ThinkPad T440p 14-inch - \$929.99
