

STARS IN-2
Innovation Credit
Babson College
Food Sol

To Whom It May Concern:

Babson College's mission is to educate entrepreneurial leaders who create great economic and social value—everywhere. The College works to expand the notion of entrepreneurship to embrace and celebrate entrepreneurs of all kinds, with the goal of putting the power of entrepreneurship as a force for economic and social value creation in as many hands in the world as possible.

Food Sol is a terrific example of Babson's approach. Food Sol's unique support for food entrepreneurs helps to propel positive action for the food system through entrepreneurial innovation. It plays a vital role in connecting food entrepreneurs with both the campus and local communities, educating consumers and supporting entrepreneurs. As a long time campus sustainability practitioner, I affirm that the Food Sol meets the criteria as a STARS innovation credit.

Sincerely,

A handwritten signature in black ink that reads "Julian Dautremont-Smith". The signature is written in a cursive, flowing style.
