

OFFICE OF AUDIT, COMPLIANCE & PRIVACY
DIVISION OF INTERNAL AUDITING

January 23, 2019

Dear AASHE members,

Please allow this letter to serve as confirmation that our office has completed an internal review of Auburn University's campus-wide sustainability performance assessment. The assessment was completed by the Auburn University (AU) Office of Sustainability and their campus partners and is documented in STARS, the Sustainability Tracking Assessment and Rating System. Our review included reviewing all credits being pursued by AU to ensure included documentation met the credit criteria, reported information was consistent across credits, and that any inconsistencies were explained. Our review was documented using the STARS Review Template.

During our review, we noted some inconsistencies in the documentation presented. These inconsistencies were documented on the template and communicated to the AU STARS Liaison. A second review by our office indicated all identified inconsistencies had been addressed.

We enjoyed participating in this process with the AU Office of Sustainability. Please do not hesitate to contact our office with any questions regarding our review. Thank you.

Sincerely,

Stacey M. Walker

Director, Internal Auditing
