Dear AASHE STARS Reviewers,

I write to confirm that I have conducted an independent affirmation of Eastern Connecticut State University's STARS 2.2 submission (EN and PA sections) and confirm that Eastern's STARS report is reported in accordance with credit criteria. Eastern Connecticut State University has addressed and rectified identified inconsistencies and errors in their finalized report. I have confirmed that:

1. All required reporting fields, attachments, inventories, and URLs are included;
  2. Reported information meets credit criteria and is consistent with required timeframes;
- AND
3. Reported figures are consistent across credits with any inconsistencies explained.

I affirm that I was not involved in any way in the data collection process for any of the credits. Eastern's STARS submission was reviewed in full and re-reviewed following updates to the submission before final submittal to AASHE.

Sincerely,
