

To whom it may concern at AASHE STARS,

I affirm that Ohio University's 2021 STARS report has been reviewed in full, using the STARS 2.2 Review Template, and that all identified inconsistencies and errors have been successfully addressed.

Please note that I reviewed all credits for which I was not directly involved in the data collection process. Sam Crowl, Associate Director of Sustainability, reviewed all credits for which I was directly involved in the data collection process.

Elaine Goetz, Director of Energy Management and Sustainability, is the STARS Liaison, and she addressed the inconsistencies and errors identified during the review.

Sincerely,

Xander Stultz

Student Reporting Assistant and primary reviewer
