CHAMPLAIN COLLEGE
Emergent Media Center®

LETTER FROM THE DIRECTOR

Here we are - March of 2022! The last two years seem to have both flown by and dragged on all at once. And yet, the EMC remains a steady haven for the next generation of media creators, designers, and critical thinkers to practice their skills toward improving our shared future. Steadiness isn't without change, however, and there has been plenty of that too. Enjoy these project highlights from the fall 2021 semester and say a virtual hello to our new staff members. We look forward to updating you on more

exciting community partnerships soon! Thank you for your continued support of the EMC!

Appreciatively,

Sarah Jerger
Director, Emergent Media Center

HOW DO DIVERSITY, EQUITY, AND INCLUSION AFFECT OUR PERSPECTIVES WITHIN THE CHAMPLAIN COMMUNITY?

Last semester an EMC student team produced several podcast episodes for the Center for Community and Social Justice (CCSJ), in collaboration with Dr. Kylie King. Keep an eye out for the podcasts later in the semester!

VIRTUAL REALITY AND THE POTENTIAL TO HELP STUDENTS MANAGE THEIR MENTAL HEALTH.

An EMC student-led team is partnering with OVR Technology by using olfactory scent as a calming and focal element within a Virtual Reality experience. Faculty members Drs. Kim Quinn and Barbara Colombo plan to test the experience this semester with our Champlain College students.

HUMAN-CENTERED DESIGN OFFERS INNOVATIVE CONCEPTS FOR DIGITAL MULTI-AGE COLLABORATION.

The Fall '21 EMC Faculty Fellowship project, led by Dr. Kristin Novotny and an EMC student team, explored possibilities for multi-age digital collaborations between middle school and college-aged students.

STUDENTS EXPLORE GAMIFIED, MULTISENSORY EXPERIENCES TO ENHANCE FUNDAMENTAL MATH SKILLS AT THE KING STREET CENTER.

The Emergent Media Center recently supported the King Street Center in prototyping gamified learning for K-3 foundational math skills. Learn more about concepts the EMC design challenge team offered in their final presentation here.

WELCOME TO OUR NEW TEAM MEMBERS!

JOSIE BUNNELL

(she/her)
Technical Operations Coordinator,
EMC / Champlain Maker Program
Coordinator at Generator

STEVEN MARGOLIN

'18 *(he/they)*
