#### About the Campus Engagement Summary

The ALL IN Campus Democracy Challenge (ALL IN Challenge) was launched in 2016 at <u>Civic</u> <u>Nation</u>, a national nonpartisan nonprofit, and has existed for three election cycles. The ALL IN Challenge provides support, structure, and recognition to more than 850 campuses to institutionalize nonpartisan democratic engagement. We are providing you with a summary of your campus' participation in our program. We hope this document will help you visualize your successes and opportunities for growth to institutionalize nonpartisan democratic engagement at your campus.

This summary will not be shared publicly by the ALL IN Challenge, though we invite you to share it widely with your campus voting coalition and community. If you find any discrepancies in the data in this summary, please let us know by emailing the ALL IN Challenge team at <u>allinchallenge@civicnation.org</u>, and we'll work to correct it in our database.

## The report below outlines the following components of Campus Engagement in the ALL IN Challenge:

- Historical ALL IN Challenge Engagement Overview
- Action Planning Summary
- NSLVE Participation Summary
- Presidents' Commitment to Full Student Voter Participation

#### Signed the Presidents' Commitment to Full Student Voter Participation

Yes President Benjamin Akande

In 2020, the ALL IN Challenge launched the <u>Higher Education Presidents' Commitment to</u> <u>Full Student Voter Participation</u> to provide an opportunity for college and university presidents and chancellors to publicly show their support to increase nonpartisan democratic engagement on their campuses. More than 330 presidents and chancellors signed the commitment beginning in 2020.

#### Action Planning Summary

Developing a campus democratic engagement action plan is a key step in both participating in the ALL IN Challenge and institutionalizing nonpartisan democratic engagement. For every two-year election cycle, the Challenge has three action plan submission opportunities: The ALL IN Challenge provides quantitative and qualitative feedback to campuses that submitted action plans. Campuses submitting an action plan during the first or second submission opportunity are encouraged to update and resubmit an action plan by Election Day.

#### Action Plan Submission Opportunities

- First submission opportunity: **December 15, 2021**
- Second submission opportunity: May 31, 2022
- Final submission deadline: November 8, 2022

The action planning process is based on the <u>Strengthening American Democracy Guide</u> and accompanying <u>rubric</u> which were developed by a coalition of partners and campuses in the Students Learn Students Vote Coalition in 2018 and updated in 2021. Action plans are scored by trained reviewers using the rubric. Action plan scores are confidentially shared with campuses and are not shared publicly by the ALL IN Challenge. Action plans are scored up to two times for each election cycle. If a campus submitted an action plan in 2020 for all three deadlines, only the first two were scored.

- Action Planning Form: In partnership with <u>Votes & Ballots</u>, a project of Democracy Works, ALL IN is pleased to share the release of the new Votes & Ballots Action Planning <u>Form</u>. Action plans completed using this form will be shared with the ALL IN Challenge and will count as an action plan submission.
- **Example Action Plans**: Highly developed 2020 democratic engagement action plan examples can be found on our <u>website</u>.

#### **NSLVE Participation Summary**

The Institute for Democracy & Higher Education (<u>IDHE</u>) at Tufts University manages the National Study of Learning, Voting, and Engagement (<u>NSLVE</u>). Every two years, IDHE produces NSLVE reports for the more than 1,200 campuses participating in the free study, which provides voter registration and voter turnout rates for participating campuses.

**Authorize NSLVE or Update NSLVE Recipients**: If your institution needs to authorize NSLVE or update who receives your campus' NSLVE report, complete <u>this authorization form</u> and email it to <u>nslve@tufts.edu</u>.

The ALL IN Challenge collects NSLVE reports from campuses and uses the voter registration and voter turnout data to issue seals of recognition and national, state, and city awards to campuses. 2020 NSLVE reports were sent to the three authorized campus recipients of the NSLVE report in October 2021. The ALL IN Challenge then asked campuses to forward their report to <u>reports@civicnation.org</u> in advance of our November 2021 ALL IN Challenge Awards Ceremony. **Campuses can submit past NSLVE reports to be eligible for retroactive seals of recognition for past elections.** 

• Only campuses that share NSLVE reports are eligible to earn awards or seals of recognition: Bronze, Silver, Gold, or Platinum.

• Currently, 88% of campuses have given the ALL IN Challenge permission to publish their NSLVE reports. A campus can give the ALL IN Challenge permission to publish their NSLVE report by emailing <u>reports@civicnation.org</u>.

### Has Champlain College authorized NSLVE? List of campuses participating in NSLVE is linked here.

Yes

#### Does the ALL IN Challenge have permission to publish your campus NSLVE reports? Yes

Year	NSLVE Submitted	Seals Earned
2016	No	
2018	Yes	Gold
2020	Yes	Silver

# Does Champlain College's NSLVE report contain voting data by race?\* Yes

\*Institutions that report demographic data like race to the National Student Clearinghouse receive voting data by race, sex, and other fields in their NSLVE reports. To receive this data in future NSLVE reports, connect with your institution's registrar to ensure demographic data is shared with the Clearinghouse.

#### ALL IN Awards

In addition to any seals of recognition for each election, campuses and individuals are eligible to earn awards. Depending on an institution's <u>state</u> or <u>athletic conference</u>, a campus may be eligible to earn additional state or athletic awards. Awards denoted as "Champion" or "Best in Class" are national awards. State challenge and athletic conference challenge awards are indicated in the name of the award.

Year	Awards

#### **National Nonprofit Partners**

National and local partners are key to helping develop and implement your campus democratic engagement efforts. Review the <u>SLSV Coalition's new resources</u> to connect with partners, discover resources for your campus, and better understand the nonprofits and initiatives that support nonpartisan student voter engagement.

#### **State Voting Challenges**

The ALL IN Challenge has worked in partnership with seven bipartisan secretaries of state as well as national and state partners to launch and maintain <u>19 city and state campus voting challenges</u>. These challenges are based on the same premises of the national ALL IN Challenge awards and provide additional recognition opportunities at the state level.

Campuses in states with an ALL IN supported state campus voting challenge are automatically included in the state or city voting challenge and *do not* need to take any additional steps to be eligible for the state-level or city-wide awards. State and city challenge awards will be issued in conjunction with the ALL IN Challenge Awards Ceremonies.

If the ALL IN Challenge doesn't currently support a challenge with your state and if you'd be interested in helping to start a state challenge, email <u>allinchallenge@civicnation.org</u>.

Your campus participates in the: Your state does not yet have a state campus voting challenge. If you are interested in helping to start a state campus voting challenge with ALL IN, please contact ryan@civicnation.org..

#### **Athletic Conference Voting Challenges**

The ALL IN Challenge works to support <u>12 collegiate athletic conference voting challenges</u> across the following athletic conferences: America East, ACC, Big Ten, Big 12, Big Sky, Conference USA, Ivy League, MIAC, NESCAC, OAC, Pac-12, and SoCon. While many of the athletic conferences have relationships specific with their respective athletic conference commissioners, others have awareness with the conferences but currently work independently as cohorts of campuses.

All of the athletic conference voting challenges have representation from academic and student affairs staff working collaboratively toward increasing nonpartisan student voter registration and turnout rates across their conferences and at their institutions.

If the ALL IN Challenge doesn't currently support a challenge with your athletic conference and if you'd be interested in helping to start a conference challenge, email allinchallenge@civicnation.org.

Your campus participates in the: Your athletic conference does not yet have an athletic conference voting challenge. If you are interested in helping to start an athletic conference voting challenge with ALL IN, please contact stephanie@civicnation.org.

#### Ask Every Student

Ask Every Student uses the framework that full student voter participation comes from integrating person-to-person voter registration into existing processes, such as orientation or classes that reach all students. Every campus has different challenges, opportunities, and context to create a program that asks every student about their democratic engagement plan. ALL IN along with the Fair Elections Center's Campus Vote Project, NASPA, and the Students Learn Students Vote Coalition make up the steering committee for the Ask Every Student program. More information on the Ask Every Student can be found on our partner website: www.studentvoting.org

Your campus **does not** participate in the Ask Every Student program.
