Dear STARS Review Committee,

On behalf of Marquette University, I am pleased to submit this letter affirming the accuracy of Marquette University's Sustainability, Tracking, Assessment and Rating System (STARS) report for the years 2019-2021.

Marquette is proud to submit our second STARS report in eight years, showcasing our commitment to sustainability across our institution. As a Jesuit, Catholic university, we are committed to seeking social justice and care for creation through our operations, academics, research, planning, administration, and student programs.

We value AASHE's efforts to collaboratively refine and improve STARS, enabling Marquette to continually enhance its sustainability impact in all aspects of our mission. Our institution looks forward to continually working with AASHE and other institutions to advance sustainability throughout higher education.

Best,
