Dear STARS Review Team,

I, Sahira Zaheen, affirm that the Sustainability Tracking, Assessment and Rating System (STARS) version 2.2 report, that has been submitted by Seattle University has been reviewed by me. I am a graduate student at Seattle University and completed the internal review process.

The institution had collected and analyzed all the data for each credit. Students and faculties have assured the integrity of the data by multiple cross-checking. Then the data have been provided to me to review with regards to following the AASHE technical manual. I affirm that the report has been reviewed in full and all identified inconsistencies and errors have been successfully addressed and with the institution's clarification have been verified prior to submitting it to AASHE.

Sincerely,

Sahira Zaheen
