Dear Cindy,

We would like to thank you for so many things that you personally coordinated for the ILICA 2006 Conservation Expo, August 29th – 31st. Richland Community College is a beautiful campus and a genuine asset to Decatur and the surrounding communities and Progress City USA is a wonderful facility that made this Expo possible, given the wet weather. As members of the Show and Industrial Business Relations committees, we sincerely appreciate your willingness to help us with the planning and coordination of efforts required to showcase these important conservation and production practices.

Without your participation in this endeavor, Dr. Cooke might have to wait years to test these important water treatment processes that can be incorporated into any field drainage system. With your help and help from other associates, partners and volunteers too numerous to mention, we have also been able to demonstrate several ways to reduce the amount of Illinois top soil silting into Lake Decatur, and provide controlled, well drained parking areas for the permanent home of the Illinois Farm Progress Show. We hope you are as pleased with the results as we are with the collaboration we received during this years Expo.

Once again, you have our thanks and appreciation for your help and we look forward to a long lasting and dynamic relationship with you and Progress City USA.

With our thanks,

Show Committee

Dear Cindy

I would like to thank you for hole sponsorship of our 1st Area 3 golf outing last week and appreciate your continued support of ILICA. The day was a huge success and everyone I've talked to seemed to have a great time and mentioned looking forward to next year. There were 63 golfers who attended that day and it seemed to be a good mix of contractors and associates. We hope that future golf outings are even more successful and that Progress City USA will consider being a part of this annual event. (and that you and Pat have time to join us next year with the Farm Progress Show in Iowa)

The golf outing is the feature story in the upcoming newsletter and will contain a full list of event sponsors. The results of this first golf outing effort were better than we could have hoped for and on behalf of our Golf Outing committee members, Wayne Litwiller, Norm Kocher, and Forrest Davis, thank you again for your support.

Sincerely,

Janet Burtle-Doubet, Executive Director
