Dear AASHE STARS Consideration Committee:

We are proud to submit Bentley University's third STARS report to AASHE. The Bentley community is committed to mobilizing sustainable leadership in business and we work toward this goal by integrating sustainability as a core value in our operational, strategic and curricular decisions. We are pleased with the progress that we have made in creating a more sustainable campus over the past 10 years and excited to use this third STARS submission as a benchmark to plan for the advancement of our campus sustainability initiatives in the years to come.

I hereby certify that all of the information submitted in the STARS online reporting tool is accurate and timely to the best of our abilities. We look forward to our continued collaboration with the entire AASHE community.

Kind regards,

Maureen Forrester
Vice President and Chief Financial Officer
