Dear AASHE STARS Consideration Committee:

Bentley University is proud to submit our first ever STARS report. I am pleased with the progress that we have already made in creating a more sustainable campus since I signed the President's Climate Commitment in 2009, and I am excited by the opportunities that STARS provides for future improvement. The Bentley community is committed to mobilizing sustainable leadership in business. We are working toward this by integrating sustainability as a core value in our operational and strategic decisions. With our STARS submission, we will be equipped to confirm our sustainable achievements as well as to guide our future sustainable development with this submission as a benchmark.

I hereby certify that all of the information submitted in the STARS online reporting tool is accurate and timely to the best of our abilities. We look forward to continued collaboration with the entire AASHE community.

Best regards,

A handwritten signature in black ink that reads "Gloria Cordes Larson".

Gloria Cordes Larson
