

Student Commuting Questions

The Office of Sustainability is required to report data on average commuting practices when estimating campus emissions. The data is not used to assess individual commuting practices, but rather is used to generate a composite estimate for the entire campus.

As part of this effort, please select your primary mode of transportation to campus last year (i.e., during the 2021-2022 academic year), if applicable.

- Walked, cycled, or used other non-motorized mode
- Drove alone in a conventional car
- Drove alone in a hybrid or low-emissions car
- Drove alone in a zero-emissions car
- Rode in a car with others
- Used public transportation
- Used a motorcycle, motorized scooter/bike, or moped
- N/A - I didn't take classes on campus in AY 2021-2022

Please report the total number of miles per week you typically drove TO AND FROM campus to attend classes during the 2021-2022 academic year
