# Career Advancement

One of the first career-related decisions students make is regarding their major. Assistance in choosing a major that will start them on a career plan is important. Career Advisors help students with major choices and evaluation of career interests through multiple techniques, including assessments and self-reflection.

Later in a student's college career, interview preparation, networking, personal branding and negotiation may be part of career-related conversations with Career Advisors.

### Monica Ahrens

MATHEMATICS, MAY 2016

"I decided late in my sophomore year of college to graduate a year early and pursue graduate school. Being so young put me in a place where I wasn't sure how to navigate the process of applications, resumes and personal statements. Going to the career center and having Jamie help me through this process was such a blessing. I am very thankful to the Career Center for their help."

## Career Advancement

### Student Feedback on Career Advising:

*"I really like my advisor (Mallory). She is really great. I believe she can help me better my experience at Iowa, and my career seems to look brighter."*

*"Sara was the best advisor that I have met with at the UI. She was encouraging, kind and really knew what she was talking about. She helped me to find exactly what I was looking for and more. I will definitely recommend her to other students!"*

*"I feel way better about my career and backup career. Jenny was very helpful!"*

*"Crystal was a HUGE help in making my resume stronger."*

### Student Feedback on Peer Advisors:

*"Megan and Dan were seriously awesome and helped me tremendously! They are the best, and I can't wait to come back and, hopefully, tell them I got the internship I applied for."*

*"I was surprised at the quick process I got as a walk-in. I met with someone who helped me right away. Thanks!"*

*"I think it really helped me a lot for answering my questions about resumes and cover letters and also the application process. I feel more comfortable doing these now."*

*"I like the walk-in hours provided by the Pomerantz Career Center. This is pretty convenient."*

# Special Programing and Services

As the needs and career goals of students change, so do the programs offered through the Pomerantz Career Center.

The Pomerantz Career Center offers both for-credit and not-for-credit options (such as a 0-credit internship notation) to students as a way to recognize their experiences.

## Academic and Leadership Programs

Pomerantz Career Center is continually looking for ways to offer services in different and innovative ways; one of those ways is through a traditional course setting. More than 1,000 students at the University of Iowa enroll each semester in more than 20 different courses offered through Pomerantz Career Center as well as a certificate in Leadership Studies.

These courses offer students an opportunity to interact with professionals from the community and beyond to learn about career paths and networking. Students take courses under the departments of Leadership Studies (LS) or Career Center Programs (CCP).

### Mark Zhu

ART—PHOTOGRAPHY AND FRENCH, MAY 2016 GRADUATE

“The Pomerantz Career Center has been a great asset to me throughout my college years. I always find myself coming here for advice on my resume and cover letters, as well as insights on academic and career choices. Amanda at the Career Center connected me to the Student Life Marketing + Design at the IMU, where I landed a student job as a photographer and have since worked there for 3 years. This job helped me discover my passion for photography and art and has had a great impact on my academic and career paths. During my last year of college, Amanda also guided me through the application process for graduate schools. In the fall of 2016, I will be attending Boston University for MFA in graphic design, and I'm really grateful to the Career Center for their resources and services that helped me achieve this.”

### FINANCE AND MARKETING, MAY 2016 GRADUATE

"Mock interviews and the career fair were crucial to my internship and full-time opportunities. The Career Center is a great go-to place, but even cooler is that they come to you. Sara Burden and other advisors have presented to various classes and orgs I'm involved with, and each time, I learn something new about the job/internship search. Without their expertise and aid, I and many other students would not have the same professional polish the University of Iowa and Tippie College of Business prides themselves on."

## Employer Relations and Events

### Student comments:

*"The Fair was a great opportunity. Everyone should go at least once."*

*"The Fair felt laid back and the recruiters were welcoming and friendly."*

*"It's very informative and exciting to consider all of the post-college opportunities available to UI students."*

*"I liked the variety of employers. The atmosphere was very professional, and it was a great experience."*

ELEMENTARY EDUCATION, MAY 2016 GRADUATE

"The Pomerantz Career Center at the University of Iowa helps prepare students for life after college unlike any other school in Iowa. With the help of Melissa, my resume was concise, organized and professional. As a result, I was offered an interview, and later a career, with a school district who only saw "me" on paper. I strongly encourage all UI students to take full advantage of the many resources, support and advice offered through the Pomerantz Career Center to make the transition from college to adulthood a smooth one."

## Annual Graduate Survey

The Pomerantz Career Center contacts the recent graduates of five undergraduate colleges of The University of Iowa: Tippie College of Business, College of Liberal Arts & Sciences, College of Education, College of Engineering and College of Nursing. The graduates have an opportunity to complete the survey on the web or through a call center representative upon graduation. Alumni provide several key pieces of outcome information about their employment status. The outcome information tells whether they are:

- Employed and the industry, employer, job title, location and salary
- Continuing education and the level and location
- Not seeking employment and the reason
- Still seeking employment
