Attention: AASHE STARS Review Committee

Dear members of the STARS review committee:

I affirm that the responses that have been submitted to the AASHE STARS (*Sustainability Tracking, Assessment and Rating System*) for Ithaca College are accurate as of this date. We were diligent in contacting Ithaca College faculty, staff and students and using Ithaca College-published and internal operational assessments to ensure that correct data has been reported using your version 1.2 inventory tool.

We are pleased that this second comprehensive inventory of campus sustainability activities has measured significant improvement in a number of areas. The STARS rubric has proven valuable in identifying areas in which we need to focus more attention in order that we may continue to improve.

Thank you again for creating and continuing to sponsor this objective, comprehensive measurement tool to assist our ongoing efforts to become an even more sustainable organization.

Respectfully,
