APPENDIX

This report includes data for all residential dining halls, catering and proprietary retail locations. Data from national brands, C-stores, vending and concessions are EXCLUDED from this analysis as suggested in the scope of AASHE STARS V 2.1.3.

1. Part 1 Scoring: Earn the maximum of 4 points available for Part 1 of this credit when 75 percent of total food and beverage expenditures are on products that are third party verified or both local and community-based. Incremental points are available.
2. Part 2 Scoring: Earn the maximum of 2 points available for Part 2 by purchasing no conventional animal products. Incremental points are available for institutions for which conventional animal products comprise less than 30 percent of total dining services food and beverage expenditures comprised of conventional animal products.
3. Products that meet more than one of the acceptable criteria outlined in this credit (e.g., products from local producers that are Certified Organic) are NOT double-counted.

Criteria:

1. **Third Party Verified.** The product is sustainably and/or ethically produced as determined by one or more recognized food and beverage sustainability standards.

2. **Local & Community Based.** The product does not qualify as Third Party Verified, but meets the criteria outlined in the table below. This category provides a path for campus farms and gardens and small and mid-sized producers to be recognized in the absence of third party certification.

Consistent with the Real Food Standards, a product must meet the following criteria to qualify as Local & Community Based:

Single-Ingredient Products	A single-ingredient product must meet ALL of the following criteria: A. Ownership. Producer must be a privately or cooperatively owned enterprise. Wild-caught seafood must come from owner-operated boats. B. Size. Produce: Gross annual sales for individual farms must not exceed \$5 million (US/Canadian). Meat, poultry, eggs, dairy, fish/seafood, grocery/staple items (e.g., grains): Producing company's gross annual sales must not exceed \$50 million (US/Canadian). C. Distance. All production, processing, and distribution facilities must be within a 250 mile (400 kilometers) radius of the institution. This radius is extended to 500 miles (800 kilometers) for meat (i.e., beef, lamb, pork, game).
Single-Ingredient Products Aggregated From Multiple Sources (e.g., fluid milk)	At least 75 percent of the product (by volume) must meet the Ownership, Size, and Distance criteria outlined above.
Multi-Ingredient Products (e.g., baked goods)	Producing company must meet ALL of the following criteria: A. Ownership. Company must be a privately or cooperatively owned enterprise. B. Size. Company's gross annual sales must be less than or equal to \$50 million (US/Canadian). C. Distance. All processing and distribution facilities must be within a 250 mile (400 kilometers) radius of the institution.

	<p>AND</p> <p>At least 50 percent of the ingredients must come from farms meeting the Ownership, Size, and Distance criteria for Single-Ingredient Products outlined above.</p>
