STARS Program  
2401 Walnut St., Suite 102  
Philadelphia, PA 19103  
June 12, 2018

Dear AASHE STARS Review Committee,

As someone who is passionate about ensuring that Syracuse University's sustainability performance ranks highest among its peers, I am proud of the intentional work our Sustainability Management team is doing daily to reduce the University's environmental impact. Beyond that, I was thrilled to learn we are able to track and score our progress, and then compare that progress to other institutions of higher education. With that, I personally confirm the accuracy of the responses submitted in June of 2018 to AASHE STARS for fiscal year 2015.

Our Sustainability Management team was diligent to ensure accurate report data by reviewing published reports and inventories with relevant University personnel. In addition, Sustainability Management used the recently-released STARS Review Template to ensure data was correct, consistent throughout, and attributed to the correct categories.

Please let me know if you have any questions and thank you for the work you do to help us all work toward a more sustainable future.

Sincerely,

Pete Sala  
Vice President & Chief Facilities Officer  
Syracuse University
