AASHE STARS Committee

RE: Approve STARS Submission for FY21

Dear AASHE STARS Committee:

I, Eric Runestad, Vice President and Treasurer of Carleton College, approve the STARS report for the Fiscal Year 2021.

The methodology for obtaining information utilized the employees on campus who are experts in each response category. The Sustainability Program Coordinator, Alex Miller, supervised the process and assigned employees to complete their portion of Carleton's submission. The full submission was reviewed for quality and completeness by the Sustainability Program Coordinator and the Manager of Campus Energy and Sustainability. A final report was presented to me and the Facilities Director prior to submission.

Based on the expertise of our contributors and a thorough review by the Sustainability Office, I affirm the information in Carleton's AASHE STARS submission is accurate.

Sincerely,

Eric Runestad
Vice President and Treasurer
