

BECOME A SUSTAINABILITY ADVOCATE

Connect and learn with other student peer educators, to promote sustainable behaviors in UNH's residence halls.

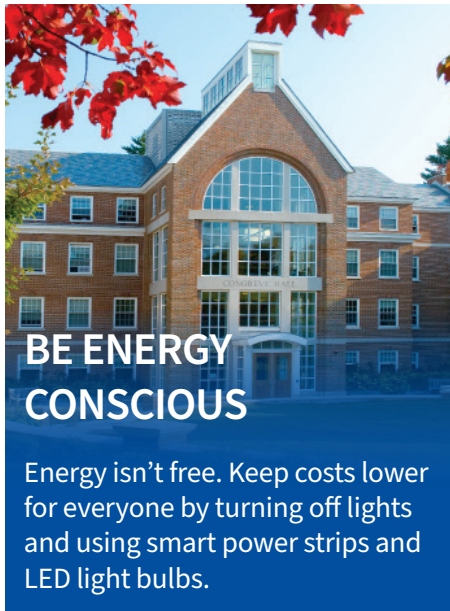

By using reusable containers, you will join others in the effort to reduce waste on our beautiful campus.
CHOOSE TO REUSE

Get a discount for carrying your own mug or water bottle and take advantage of Dining's reusable to-go containers.

EAT LOCAL AND HEALTHY

UNH Dining Halls serve a variety of healthy, local, sustainable food. Look for yummy new plant-based options.

BE ENERGY CONSCIOUS

Energy isn't free. Keep costs lower for everyone by turning off lights and using smart power strips and LED light bulbs.

GET AROUND SUSTAINABLY

Use WildCat Transit, Campus Connector, Amtrak Downeaster, ZipCar, or your own "person power" (walk, bike) instead!

RECYCLE
Wildcats make UNH a zero-waste place

 PLASTIC ♻️ ♻️ ♻️	 GLASS	 METAL	 PAPER & CARDBOARD
-------------------------	-----------	-----------	-----------------------

Recycling must be empty and free of food waste

↓

Plastic bags are contaminants; do not recycle them

AVOID THE LANDFILL

Keep plastic bags and other contaminants out of the recycling dumpsters and put only food waste or paper in compost bins.

LIVE SUSTAINABLY @ UNH

A CORE VALUE OF OUR COMMUNITY

Sustainability shapes our culture, informs our behavior and is a guiding principle. UNH is a nationally recognized leader, and the Sustainability Institute acts as convener, cultivator and champion of sustainability on campus, in the state and region, and around the world.

CONNECT WITH US

UNH.EDU/SUSTAINABILITY

WELCOME TO THE UNIVERSITY OF NEW HAMPSHIRE

We're excited that you are part of our sustainable learning community.

At UNH you can take classes, conduct research, get involved in student organizations, find internships, work, study abroad, volunteer and attend events like speakers and performances — all related to sustainability!

PROUD TO BE A NATIONALLY RECOGNIZED LEADER IN SUSTAINABILITY

- We were the first campus to convert landfill gas to renewable energy and to sell the associated Renewable Energy Credits and put some of the revenues back into energy efficiency on campus.
- We are the largest transit provider in the state.
- We are the first land grant in New England to sign the Presidents Climate Commitment.
- We established the first organic dairy research farm at a land grant university.
- We are the first university to have a dual major in EcoGastronomy and one of a very few to offer a Sustainability dual major.
- We received AASHE's STARS Platinum in 2018 - one of just a handful in the country.

Students can get involved in a wide variety of ways to get involved in biodiversity, climate, food, social justice and culture.

CONNECT AND SERVE

Community service is a great way to connect with others and create a healthier community. Check out opportunities on and off-campus!

BUILD A VIBRANT COMMUNITY

Join a student organization to advance and promote diversity, social justice, equity and inclusion at UNH.

UNH ALUMNI IN THE FIELD

UNH prepares students with the skills and courage to make sustainable impact to address today's issues with a wide variety of courses, internships and programs.

JILL HOWARD '19

Jill completed a Social Innovation and Enterprise student designed option in Business Administration and was a Semester in the City Fellow in Boston. Now she makes impact worldwide as Health & Sustainability Reporting Analyst at Ahold Delhaize, one of the world's largest food retail groups, which includes Hannaford Supermarkets.

MATT L'HEUREUX '17

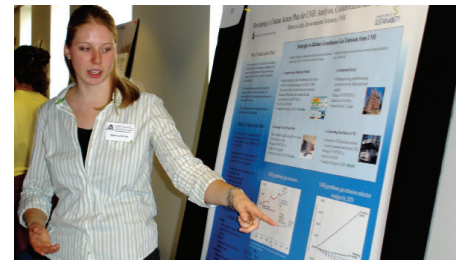

Matt was a Sustainability Institute Intern and Environmental and Resource Economics and our first Sustainability dual major graduate! Now he continues to make an impact at UNH as the university's Campus Energy Manager.
