Type of Review: Internal Review

To whom it may concern:

I have done a complete review of Metropolitan Community College's STARS report and reviewed each STARS category. After my initial review, I sent the template back to Sarah Murray, STARS liaison, so she could correct any items that needed attention. I did a second review to make sure that everything met the criteria.

I have reviewed the document for accuracy and to the best of my knowledge it is correct.

Sincerely,

Pauline Laughlin  
Assistant to Vice President for Administrative Services
