To whom it may concern.

Please accept this letter as an express affirmation of the statements made in the STARS application regarding Fanshawe College's Applied Sustainability MOOCs. As the technical lead on this project, I can reiterate that this initiative was a forerunner in the field, and the first of its kind in Ontario. This program has had a direct impact on over 1000 students, and many of the graduates consider the impact to have been life changing.

Please do not hesitate to contact me with any questions in regard to this application.

Sincerely,

Ryan Walmsley
