

SUSTAINABILITY IMPACT REPORT

2022

It's undeniable – your decision to recycle unwanted electronics has made a remarkable impact on our world, and for that you should be proud. Please continue to recycle your unwanted electronic devices with us and leading role in crafting a more sustainable world.

Weighing in at

337,977 pounds,

diverting the electronic waste in your donation from landfills made an environmental impact equivalent to

46 cars

taken off the road

495 barrels of oil

saved

9,718 lbs of

toxic metals

diverted

3,533 trees planted

Instead of polluting our Earth, your donation will empower us to provide a combination of

3,380 devices

with one year of tech support for people in need

14,082 internet connections

at high-speed and low- or no-cost

15,152 digital literacy learners

with the knowledge to unlock their full potential
