

Introduction

Thank you for coming! My name is Allison, I'm the College's Sustainability Coordinator. I want your help to identify areas where we can improve, and where we should focus our sustainability efforts. Sustainability encompasses economically-wise investments, social justice, and reducing our environmental impact.

We are a Bee Campus USA, and we have signed on to the President's Climate Commitments, a national program to act on climate change and pursue community resilience. For more information regarding these projects, I direct you to our website:

<http://www.randolphcollege.edu/sustainability/resources/>

Your ideas and opinions are important, and I want to hear from you. If you have any questions, please reach out to me. If you are interested in learning more about anything on this survey, I would be happy to talk with you.

By continuing, you acknowledge your consent to record responses. Responses will only be utilized as a whole and no individual responses will be singled out - we are interested in the community as a whole and the compilation of all responses will be our focus. If you choose to record your email on the final page, it will only be used to inquire about participation in pilot programs and round table discussions. You are under no obligation to participate. You retain the right to stop participation at any point.

Demographics Qs

Demographics help us identify areas of the community that responded and provides more scope of the questions we ask in the next section. For example, if all the students identify an area as a particular concern we can target administrative groups on campus for assistance and action. Demographics will only be used for reporting purposes as a whole.

Community member category? (Select all that apply)

- Staff
- Faculty
- Residential Student
- Commuter Student
- Alum

If a student, what year are you? (MC)

- Class of 2020
- Class of 2021

- Class of 2022
- Class of 2023
- Masters

Commuting faculty, staff, and students - how far do you drive to Randolph daily? Please use a one-way travel distance (NOT a roundtrip). (Dropdown)

- 0-5 miles
- 6-10 miles
- 11-15 miles
- 16-20 miles
- 21-25 miles
- 26-30 miles
- 31+miles

How did you hear about this survey? (select all that apply)

- Class announcement
- Portal posting
- Email
- Word of mouth

Survey of Existing Initiatives Qs

We are curious to see your level of awareness of existing projects and level of involvement with them. This will help us identify areas to improve our communication and outreach.

Prior to taking this survey, were you aware that we have a Sustainability Coordinator at Randolph?

- I was not aware.
- I was aware.
- I was aware and I have worked with our Sustainability Coordinator.

Which opportunities are you aware of that are available? Select all that apply.

- Student Government Green Fund
- Organic gardening physical education course
- Sustainability internships
- Work-study jobs
- Sustainability council participation
- I was not aware of any of these.

Which of these sustainability opportunities have you taken part in? Select all that apply.

- Sustainability internship
- Organic gardening course
- Earth Day Festival
- Bike Share
- Skeller reusable cup discount
- Dining hall reusable to-go containers

- Sustainability Council
- Chicken Visiting (at the organic garden or on Main campus)

Help us decide Qs

The main event! Here our goal is to determine what the community wants us to pursue and what the community values. Some of these projects are in the works, some are expansions of existing projects, and some are just at inception stages.

Please rate the following initiatives on your interest level: vote for what we should pursue. See * description below. (Options are “Not interested.”, “I’m indifferent”, & “absolutely!”)

- Bottomless Cup*
- Skeller paperless/e-receipts
- Free-Textbook Exchange
- Expand Earth Day Festival
- Broadening Sustainability Programming
- Reusable cutlery for Dining Hall to-go

*Bottomless mug program - pay a flat fee (fee is to be determined) to have unlimited fountain soda, drip coffee, or tea for the semester when you use your bottomless cup. Sticker with a barcode that you can place on any cup or mug of your choice.

Where should we put another water bottle filling fountain? Martin is excluded due to planned renovations. (Select all that apply)

- Psychology
- Thoresen - Trolley level
- Grosvenor
- Smith - second floor
- Moore - ground floor
- Other

Where should we put another low-mow area?

- Text box answer

Where can we improve on campus regarding sustainability?

- Text box answer

What is one area Randolph is doing well regarding sustainability?

- Text box answer

Would you be interested in participating in pilot programs? Pilots would be able to try initiatives for us to gather feedback.

- Yes
- No

Would you be interested in participating in a sustainability task force? It would be a forum based conversation where we can brainstorm goals and you can provide feedback.

- Yes

- No

Email address for pilot program and/or task force.

- Email textbox
