

Reporting Assurance Letter
STARS Report Submission, September 15, 2023

Dear AASHE STARS,

On September 1, 2023, April Thompson, Reporting Coordinator, Office of Sustainability, Creighton University, asked me to review her STARS report utilizing the STARS review template.

After performing a first and second review, I can attest that all identified issues in the report have been resolved and it appears clear that Creighton will be worthy of a Silver distinction. The review process shed light in the reporting methodology for Creighton, which will hopefully be streamlines for future reporting.

Feel free to contact me at AndrewBaruth@Creighton.edu or 402.280.2644 with any questions or concerns.

Regards,

Andrew Baruth

Director, Office of Sustainability Programs
Co-Chair, Sustainability Governance Committee
