Next Steps

- Members of your organization should take time to thoroughly review your Survey Report.
 - Any Standard marked "PC" (Partially Compliant) or "NC" (Non-compliant) must be corrected promptly. Subsequent surveys by AAAHC will seek evidence that deficiencies from this survey were addressed without delay.
 - The Summary Table provides an overview of compliance for each chapter applicable to your organization.
- AAAHC Standards, policies and procedures are reviewed and revised annually. You are invited to participate in the review through the public comment process each fall. Your organization will be notified when the proposed changes are available for review. You may also check the AAAHC website in late summer for details.

4. In order to ensure uninterrupted accreditation, your organization should submit the *Application for Survey* approximately five months prior to the expiration of your term of accreditation.
