Good afternoon Mary,

I'm emailing to notify you that I've completed the review of this STARS report (2019, v2.2). All the inconsistencies and errors have been identified and addressed (aside from the criterion I have been responsible for).

Please let me know if you need anything else!

Warm regards,
Dave

I affirm that Penn State's 2020 STARS submission has been reviewed in full and that all identified inconsistencies and errors have been successfully addressed. I personally reviewed credit areas where my colleague David Cullmer was the designated Responsible Party.

A handwritten signature in black ink, appearing to read "Mary Easterling". The signature is fluid and cursive, with the first name "Mary" written in a larger, more prominent script than the last name "Easterling".
