

## Introduction

The Class of 2019 is the first class required to take a sustainability course (“SU”) in order to graduate. These “SU” courses were designed to include 4 specific learning outcomes. UVM wants to ascertain the degree to which students perceive they achieved these learning outcomes and their impression of the SU requirement’s effectiveness.

Your responses to this brief survey will provide guidance for improvement. This survey is anonymous and we appreciate your honest feedback. We estimate that it will take less than 10 minutes to complete. In appreciation of your time, we will be giving away several \$25 gift cards for the UVM Bookstore. If you would like to enter this drawing, please send us your email address (you will be offered the option to do so at the end of the survey). Your survey responses will not be associated with your email address.

Thank you in advance for taking the time to complete this survey. And more importantly, congratulations on your upcoming graduation!

## Submission message
