

AASHE STARS Team  
August 16, 2022

Montana State University sustainability team and AASHE reviewers,

This letter is to confirm that I, Eva Roche, have worked alongside UM sustainability research assistant, Sam Gilbertson, to review and offer suggested edits on Montana State University's draft STARS report.

Sam and I divided the credits and reviewed them independently and then reviewed each other's edits and comments. Following our review, we sent the spreadsheet to the MSU team for their consideration.

Sincerely,

Eva Roche  
Sustainability Director  
University of Montana
