Dear STARS Steering Committee,

RE: Tarleton State University 2017 STARS Submission

On behalf of Tarleton State University, I am pleased to submit our first Sustainability Tracking Assessment & Rating System (STARS) report.

Tarleton is committed to furthering sustainability across the campus. This includes reduction of energy and water use as well as the introduction of pedagogic elements.

After several years of fact gathering and support from key campus stakeholders, we are pleased to present what we believe will represent a strong record of accomplishment. This report is the result of a truly collaborative effort and reflects the progress that we are making. As such, I affirm the accuracy of our submission.

We appreciate the leadership provided by AASHE for continuing to improve the STARS program.

Sincerely,

F. Dominic Dottavio, Ph.D.
President
