Due Date: July 26, 4PM MDT
Freight: FOB DESTINATION
Terms: Net 30 days

Central New Mexico Community College requests quotes from vendors with current GSA or WSCA (via State of New Mexico SPD) contract with best pricing, terms, and conditions per NMSA 13-1-129 meeting the scope of work, specifications, terms and conditions for Desktop and Laptop PC's on behalf of CNM's ITS Department. All prices shall be F.O.B. Destination and include all charges that may be imposed in fulfilling the terms of this agreement. All parts, labor, materials, freight, handling, insurance, warranty, support and other associated costs are to be included in the cost quoted. Specifications indicate a minimum standard. Any offer, which proposes like quality, design, or performance, will be considered, providing sufficient descriptive literature, specifications sheets, catalogs, etc. are included to properly evaluate the equivalency. **Brand name or equal specification: The use of a brand name is for the purpose of describing the standard of quality, performance and characteristics desired and is not intended to limit or restrict competition. Alternate brands will be considered. CNM WILL BE THE SOLE JUDGE OF EQUIVALENCY.**

Minimum Requirements:

Quotes: All items quoted must be based upon vendor's current applicable price agreement scope of work, specifications, terms and conditions. The vendor(s) shall be required to supply supporting documentation to verify items are listed on applicable price agreement. Include a detailed Bill of Materials (BOM) with part numbers/SKU's together with the completed Quote Response Form for verification by CNM. **ALL CONFIGURATIONS OFFERED MUST BE VERIFIED AS BEING AVAILABLE ON THE WSCA/GSA CONTRACT, SO PLEASE BE SURE THAT ALL SKU'S OFFERED MEET THIS REQUIREMENT.**

Delivery: May be considered a factor in the award of this RFQ. CNM desires shipment within 30 days ARO.

Warranty: The items requested are specified to be provided with EITHER a four (4) or five (5) year warranty. Monitor warranty shall be the Standard Manufacturer's Warranty. Warranty shall include parts and labor, on-site service, mission critical 4HR 7x24 Onsite service, hardware and software technical support unless otherwise described per specifications. Warranty must be supplied by the original manufacturer. Any reseller must be a manufacturer authorized reseller.

Warranty Replacement Parts: CNM reserves the right to order replacement parts directly without consultation with vendor's technical support for the duration of the parts and labor warranty period. Replacement part orders shall be placed by CNM technical staff. The CNM technical staff responsible for ordering replacement parts shall be pre-qualified with the vendor to place such orders. CNM also reserves the right to utilize the vendor(s) full service support when needed. Overnight delivery shall be made available.

Support of Products: The vendor(s) shall be required to provide support for their products, regardless of operating systems that may be installed in the future.

Design Stability: All required system components shall be supplied and installed by the original manufacturer. Resellers shall not in any way physically alter systems from the state supplied by the original manufacturer. Original manufacturer must provide systems for sale under the same brand name to multiple resellers, including resellers in the retail marketplace.

Connectivity: Systems must be specifically designed for large managed networked environments and include standard Ethernet networking solutions to include Microsoft Server 2003/2008/2012 connectivity, PXE connection, and Wake-On-LAN (WOL).

Environmental Sustainability: All desktop systems (excluding integrated systems (all-in-one)) must be a registered Electronic Product Environmental Tool Assessment (EPEAT) qualified. Vendor(s) may be asked to provide supporting documentation.

Security: Built in attachment points for Kensington compatible locks and 3/16 padlock (Master Lock No. 7 type padlock).

Operating System: CNM has a Campus Agreement for Microsoft Windows. We plan to re-image all PC Systems being supplied as a result of this RFQ with Windows licenses from CNM's Campus Agreement. Offerors should take this into account and offer the most cost effective version of Windows for the Desktop, Workstation, and Laptop PC Systems requested. Please note that CNM currently uses Windows 7 64-bit Enterprise as part of our image.

Quote as Follows:

Quote amounts shown below include all parts, labor, materials, freight, handling, insurance, warranty, support, imaging (if applicable) and other associated costs. State brand name and model number on the following response sheets. Vendor(s) shall closely match their product with the stated specifications. Items listed are minimum specifications. CNM must verify that the configuration and pricing offered. Please include a detailed Bill of Materials (BOM) with part numbers/SKUs together with the completed Quote Response Form for verification by CNM of materials and best pricing as allowed by the GSA or WSCA contract.

NOTE: Quantities are estimates based on expected purchase. Actual quantities may increase or decrease.

This request for quotation form must be completed and returned along with specifications sheets to CNM Purchasing via email to grivera22@cnm.edu by Friday, August 26, 2013, 4PM time local time (MDT). CNM Purchase Order Terms and Conditions are attached and will apply to any orders issued as a result of this request insofar as they do not conflict with WSCA or GSA terms and conditions.

Please quote the following items brand name or equal performance: These are minimum specifications. Price includes all parts, labor, shipping, delivery, and all other associated costs. Items must be currently under your GSA or WSCA (NM SPD) price agreements per NMSA 13-1-129.

Note 1. Receipt of Purchase Orders/Date Capture Requirements: Purchase orders will be sent to the winning vendor via email. The winning vendor will provide, in text format either by spreadsheet or comma delimited text, the unique serial number and MAC address(es) (laptops with wireless NICs will have two MAC addresses and will be noted as being the wireless MAC address) for each piece of equipment corresponding to the PO number. CNM will import this data for tracking purposes. AMT NICs will NOT be recorded.

Note 2. Warranty Parts Replacement Service: The winning vendor will provide a warranty parts replacement service that is designed for IT professionals who have technical expertise in diagnosing and servicing computer systems. The winning vendor will provide for CNM's support professional an efficient way to order warranty parts using one or more of the following: Website Access or Dedicated Email Address to order warranty parts bypassing remedial troubleshooting technicians. Vendor will include in the response the detailed information on the service they offer and instructions for enrolling CNM's Technical Support Professionals. The number of technical support professionals is approximately 5.

Note 3. Seller Specifications: All required system components/specifications shall be supplied and placed in the systems by the original manufacturer. Systems quoted by any reseller shall have been completely assembled by the original manufacturer. Resellers shall not in any way physically alter systems from the state supplied by the original manufacturer. Original manufacturer must provide systems for sale under the same brand name to multiple resellers, including resellers in the retail market place. Any reseller must be a manufacturer authorized reseller.

Note 4: Asset tagging / Data capture / Unboxing Service: The winning vendor will be provided with CNM issued asset tags which will be applied to the computer systems by the vendor. A BIOS field specifically for asset management will be set to corresponding CNM issued tag number by the vendor. The winning vendor will be required to have a crew on-site that will unbox each system, remove all packing materials, dispose of the said packing materials, and stack/palletize the systems in an order/fashion acceptable to CNM. Instructions will be provided to the on-site crew at the date(s) of visit. The vendor(s) will provide an electronic list that details each CNM issued asset tag number with the systems serial number and MAC address(es). The asset tag number, serial number, and MAC address(es) will also be printed on the individual outer box label accompanying the computer systems.

Central New Mexico Community College

GENERAL TERMS AND CONDITIONS

1. **Inspection and Audit.** a. CNM may inspect, at any reasonable time, any part of Seller's plant or place of business which is related to performance of this Purchase Order. Acceptance of delivery shall not be considered acceptance of the materials, supplies or services furnished. Final inspection of product and services will be made at the destination. Any testing or inspection procedures required by the specification are in addition to CNM's rights under this paragraph.

b. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. Contractor shall maintain detailed records of all materials or supplies delivered to CNM under this Purchase Order, including serial numbers and other appropriate identifiers. These records shall be subject to internal and external audit. CNM shall have the right to audit billings both before and after payment. Payment under the resultant Agreement shall not preclude CNM from recovering excessive, erroneous or illegal payments previously made to the Contractor.

2. **Warranties.** Seller warrants the materials, supplies or services furnished to be exactly as specified in this order, free from defects in Seller's design, labor, materials and manufacture, and to be in compliance with any drawings or specifications incorporated herein and with any samples furnished by Seller. All applicable UCC warranties, express and implied, are incorporated herein.

3. **Acceptance and Rejection.** If prior to final acceptance, any materials, supplies or service are found to be defective or not as specified, or, if CNM is entitled to revoke acceptance of them, CNM may reject or revoke acceptance, require Seller to correct without charge within a reasonable time, or require delivery at an equitable reduction in price at CNM's option. Seller shall reimburse CNM for all incidental and consequential costs related to unaccepted materials, supplies or service. Notwithstanding final acceptance and payment. Seller shall be liable for latent defects, fraud, or such gross mistakes as amount to fraud. Acceptance of performance shall not waive CNM's right to claim damages for breach.

4. **Assignment.** This order is assignable by CNM. Except as to any payment due hereunder, this order is not assignable by Seller without written approval of CNM.

5. **Changes.** CNM's Purchasing department may make changes within the general scope of this order by giving notice to Seller and subsequently confirming such changes in writing. If such changes affect the cost of, or the time required for performance of this order, an appropriate equitable adjustment shall be made. No change by Seller shall be recognized without prior written approval of CNM's Purchasing department. Any claim of Seller for an adjustment under this paragraph must be made in writing within thirty (30) days from the date of receipt of Seller of notification of such change, unless CNM waives this condition. Nothing in this paragraph shall excuse Seller from proceeding with performance of the order as changed hereunder.

6. **Termination and Delays.** CNM, by written notice stating the extent and effective date may terminate this order for convenience in whole or in part, at any time. CNM shall pay Seller as full compensation for performance until such termination: (1) the unit or pro rata order price for the delivered and accepted portion; and (2) a reasonable amount to be approved by CNM, and not otherwise recoverable from other sources by Seller, with respect to the undelivered or unaccepted portion of this order. Provided, however, compensation hereunder shall in no event exceed the total order price. Such amount will be limited to Seller's actual cost and may not include anticipated profits.

CNM may terminate this order by written notice in whole or in part for Seller's default if Seller refuses or fails to comply with the provision of this order, or fails to make progress so as to endanger performance and does not cure such failure within a reasonable period of time. In such event, CNM may otherwise secure the materials, supplies or services ordered, and Seller shall be liable for damages suffered by CNM, including incidental and consequential damages.

If, after notice of termination, CNM determines Seller was not in default, or if Seller's default is due to failure of CNM, termination shall be deemed for the convenience of CNM.

The rights and remedies of CNM provided in this article shall not be exclusive and are in addition to any other rights and remedies provided by law or under this order.

As used in this paragraph, the word "Seller" includes Seller and its suppliers at any tier.

7. **Equal Employment Opportunity.** Contractor shall not discriminate with regard to hiring, termination or other incidents of employment on the basis of race, sex, national origin, religion, age or handicap.

8. **Indemnification and Insurance.** Seller assumes the entire responsibility and liability for losses, expenses, damages, demands and claims in connection with or arising out of any actual or alleged personal injury (including death) and/or damage or destruction to property sustained or alleged to have been sustained in connection with or arising out of the performance of the work by Seller, its agents, employees, subcontractors or consultants, except to the extent of liability arising out of the negligent performance of the work by or willful misconduct of CNM. In any event, CNM's liability shall be subject to the limitations of the New Mexico Tort Claims Act. Seller shall indemnify and hold harmless CNM, its officers, agents, and employees from any and all liability for such losses, expenses, damages, demands, and claims and shall defend any suit or action brought against any or all of them based on any actual or alleged personal injury or damage and shall pay any damage costs and expenses including attorneys fees, in connection with or resulting from such suit or action.

Seller agrees that it and its subcontractors will maintain public liability and property damage insurance in reasonable amounts covering the above obligation and will maintain workers' compensation coverage covering all employees performing this order.

9. **Patent and Copyright Indemnity.** Seller shall pay all royalty and license fees relating to deliverables and other items covered hereby. In the event any third party shall claim that the reproduction, manufacture, use, or sale of goods or items covered hereby infringes any copyright, trademark, patent, or other intellectual property rights, Seller shall indemnify and hold CNM harmless from any cost, expense, damage, or loss resulting therefrom.

10. **Discounts.** Any discount time will not begin until the materials, supplies, or services have been received and accepted and correct invoice received by CNM's Purchasing Department. In the event testing is required, the discount time shall begin upon the completion of the tests.

11. **Penalties.** The Procurement Code, Section 13-1-28 et seq., imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

12. **Title and Delivery.** Title to the materials and supplies passed hereunder shall pass to CNM at the F.O.B. point specified subject to the right of CNM to reject upon inspection. For any exception to the delivery date specified, Seller shall give prior notification and obtain approval from CNM's Purchasing Department. Time is of the essence and the order is subject to termination for failure to deliver on time.

13. **Payment Charges.** Late payment charges shall be paid in the amount and under the conditions stated in Section 13-1-158, NMSA 1978.

14. **Other Applicable Laws.** Any provision required to be included in a contract of this type by any applicable and valid Executive order, federal, state or local law, ordinance, rule or regulation shall be deemed to be incorporated herein.

15. **OSHA Regulations.** The contractor shall abide by Federal Occupational Safety and Health Administration (OSHA) regulations and the State of New Mexico Occupational Improvement Board Occupational Health and Safety regulations that apply to the work performed under this Invitation. ALL PRODUCTS CONTAINING HAZARDOUS SUBSTANCES MUST BE PROPERLY LABELED AND ACCOMPANIED BY MATERIAL SAFETY DATA SHEETS. The contractor shall defend, indemnify and hold CNM free and harmless against any and all claims, loss, liability and expense resulting from any alleged violations of said regulations including but not limited to fines, penalties, judgments, court costs and attorney fees.

16. **Debarment/Suspension.** In performing the services and/or furnishing the goods specified within this purchase order, the vendor/contractor certifies that it is not suspended, debarred or declared ineligible from entering into contracts with the Executive Branch of the Federal Government, any State agency or local public body; nor is in receipt of a notice of proposed debarment or suspension from the Executive Branch of the federal Government, any State agency or local public body.

SECTION 2

GOVERNMENT SUBCONTRACT PROVISIONS

If this order is subcontract under a U.S. Government Prime Contract, the applicable clauses listed below are incorporated into, and form a part of, the terms and conditions of this order. In the event of any conflict between the terms and condition of Section 2 and any other provisions of this order the terms and conditions of Section 2 shall prevail. The clauses contained in the following paragraphs of the Federal Acquisition Regulations are incorporated herein by reference. For purposes of this Purchase Order, in the following clauses, the term "contract" shall mean "this order", the term "contractor" shall mean "Seller" and the term "Government" and "Contracting Officer" shall mean "CNM" and the "Director of Purchasing," respectively.

The following provisions of the Federal Acquisition Regulations (FAR) apply regardless of the amount of this order:
