STARS® Steering Committee
Associate for the Advancement of Sustainability in Higher Education
2401 Walnut Street, Suite 102
Philadelphia, PA 19103

Dear STARS Steering Committee Members:

On behalf of the University of Wisconsin – Platteville, I am pleased to report I have completed the assurance process of our STARS report in full and can confirm that its information has been reported in accordance with STARS credit criteria to the best of our ability. All required reporting fields, attachments, inventories, and URLs are included, meet credit criteria, and are consistent within the required timeframe. This was an internal review only and consisted of the inspection of all report categories, their criteria, and information pertinent to each, and documented in the STARS Review Template. Reported figures have been checked and are consistent across credits. All identified inconsistencies have been resolved and errors corrected.

Sincerely,

A handwritten signature in cursive script that reads "Mary Penn".

Mary Penn
