Association for the Advancement of
Sustainability in Higher Education
1536 Wynkoop St. Suite 100
Denver, CO 80202

Dear AASHE members,

Beloit College has had a long-standing commitment to sustainability, demonstrated by our curriculum offerings, community service opportunities, and programming for student engagement. Therefore it is with pleasure that I submit our STARS report, and affirm that it is true to the best of my knowledge.

Using our mission statement to guide us,

Beloit College engages the intelligence, imagination, and curiosity of its students, empowering them to lead fulfilling lives marked by high achievement, personal responsibility, and public contribution in a diverse society. Our emphasis on international and interdisciplinary perspectives, the integration of knowledge with experience, and close collaboration among peers, professors, and staff equips our students to approach the complex problems of the world ethically and thoughtfully

the Beloit College community embraces opportunities to think critically about issues of sustainability, and act upon choices that further personal, community, and global scopes of sustainability. We will continue to involve and equip our students, faculty, and staff to be engaged citizens of sustainability endeavors. We see the self-evaluation STARS tool as one way to help us remain engaged, and we are proud to be among other STARS institutions, striving to find solutions for today's problems.

Sincerely,

Scott Bierman
