

# OKLAHOMA

The simple choice for energy efficiency.

April 2017

## Families and businesses are saving with the help of ENERGY STAR®

Oklahoma is home to more than **74** businesses and organizations participating in the U.S. Environmental Protection Agency's ENERGY STAR program:

- 7** manufacturers of ENERGY STAR certified products
- 6** companies supporting independent certification of ENERGY STAR products and homes
- 8** companies building ENERGY STAR certified homes, one of which is committed to building 100% ENERGY STAR

as well as many businesses, school districts, governments, and faith-based groups using ENERGY STAR resources to reduce energy waste in their facilities.

Oklahoma State Capitol, Oklahoma City, OK.  
First earned ENERGY STAR certification in 2012.

### Across the state of Oklahoma

- 544,130 customers** served by ENERGY STAR utility partners
- 16,763 homes** have earned the ENERGY STAR
- 3,083 buildings** (more than 220 million square feet) have been benchmarked using EPA's ENERGY STAR Portfolio Manager
- 146 buildings** have earned the ENERGY STAR for superior efficiency, including 44 schools, 3 hotels, 5 hospitals, 31 office buildings, and 5 industrial plants

### Recent Partner of the Year Winners

Guaranteed Watt Saver

Public Service Company of Oklahoma

### State Spotlights

Oklahoma, as an example of good governance, requires all state-owned buildings and higher education buildings to benchmark using ENERGY STAR Portfolio Manager, **improve efficiency at least 20 percent by 2020**, and obtain ENERGY STAR certification for eligible facilities.

**Public Service Company of Oklahoma**, headquartered in Tulsa, leveraged Home Performance with ENERGY STAR (HPwES) to increase participation and savings in its residential efficiency programs, and issued Certificates of Completion to homeowners for HPwES projects in order to improve home resale value.

*"Public Service Company of Oklahoma truly values our partnership with ENERGY STAR. It's exciting to see the impact we've made through our efforts to help customers save both energy and money, while also helping protect our environment." – Jeff Brown, Energy Efficiency and Consumer Programs Manager, Public Service Company of Oklahoma*
