STARS Steering Committee
Association for the Advancement of Sustainability in Higher Education
1536 Wynkoop Street, Suite 100
Denver, Colorado 80202

Dear Steering Committee:

Oklahoma State University is pleased to submit its second sustainability report to AASHE via the Sustainability Tracking, Assessment and Rating System. The reported information is complete and accurate to the best of our knowledge.

As a premier land-grant institution, OSU is dedicated to the stewardship of resources entrusted to us and committed to sustainability in our operations, education, research and outreach. The exercise of gathering data regarding our practices in preparation of this STARS report has been constructive in that it allows us to see the progress we have made as well as areas to target for improvement.

We are very pleased to have a provisional rating of Silver. We value our affiliation with AASHE and look forward to continuing to expand our efforts toward sustainability.

Sincerely,

A handwritten signature in black ink, reading "V. Burns Hargis", enclosed in a rectangular box.

V. Burns Hargis
