STARS Steering Committee
Association for the Advancement of Sustainability in Higher Education
213½ North Limestone
Lexington, KY 40507

Dear Steering Committee:

Oklahoma State University (OSU) is pleased to have been a charter participant in AASHE's Sustainability Tracking, Assessment and Rating System (STARS). The information reported for OSU is complete and accurate to the best of our knowledge. The opportunity to review our practices will be invaluable as we work to move our campus toward a more sustainable institution. As Oklahoma's land-grant university, we take our stewardship of the environment and other resources seriously and this benchmarking exercise will allow us to make important progress in integrating sustainable practices across all areas of the university. We are pleased that the provisional rating achieved by OSU is bronze.

We look forward to a continuing partnership with AASHE.

Sincerely,

V. Burns Hargis
