To AASHE STARS Review Committee:

I affirm that the responses submitted to the AASHE STARS (Sustainability Tracking Assessment and Rating System) are accurate as of this date. We were diligent in contacting College faculty and staff and reviewing published reports and inventories to ensure that only correct data has been reported.

We recognize this first completion of the AASHE STARS comprehensive campus sustainability inventory helps us establish a baseline upon which we can continue to improve. Thank you for creating and sponsoring this objective measurement tool to assist our efforts to continually become a more sustainable institution.

Sincerely,

Jonathan Gibraltar
President
