Ms. Meghan Fay Zahniser
Executive Director
The Association for the Advancement of Sustainability in Higher
Education
1536 Wynkoop St., Suite 901
Denver, Colorado 80202

Dear Ms. Zahniser:

Central Carolina Community College is proud to submit our second Sustainability Tracking, Assessment & Rating System (STARS) report. The report is a reflection of CCCC's continued commitment to sustainability.

I affirm, to the best of my knowledge, that all of the information included in the report adequately reflects our college's sustainability efforts, earning our second Silver rating for STARS version 2.0.

CCCC is committed to striving toward increased sustainability in our programs and operations. The STARS system provides our staff and sustainability committee with a roadmap to increase sustainability metrics and provides an excellent planning tool for our future efforts.

This report reflects the participation of staff and faculty. We have a common goal of implementing sustainable solutions to environmental, social, and economic challenges at our school.

CCCC wishes to thank AASHE for providing national leadership in campus sustainability. We recognize that our institution has a responsibility to educate our community, staff, faculty, and student body about the opportunities to implement sustainable solutions across college departments and ultimately within the broader communities we serve. AASHE has been a great partner in this effort.

Sincerely,

A handwritten signature in black ink that reads "T. Eston Marchant".

Dr. T.E. Marchant
President
Central Carolina Community College
