

Sustainability at St. Lawrence College Kingston

Student Green Fees

Did you know, starting this year (2017) \$15 of your annual student fees will be directed into a 'Kingston Green Fees' fund to help maintain our renowned 'Sustainable Campus' status.

The targeted LEED Gold Student Life and Innovation Centre (2018) has a sustainable design and includes a new double gym, fitness centre, student lounge, private study rooms and a large venue. You are funding and securing our sustainable future!

Past Projects:

- Outdoor green spaces
- Hydration stations
- Volleyball courts
- Study pods
- Green living wall

Solar Campus

In 2011, St. Lawrence College constructed Ontario's largest post-secondary rooftop solar installation. There are over 1200 panels that annually provide approximately \$212,000 in revenue and off-sets 30 tonnes of greenhouse gas emissions. We also have a solar wall in the applied science wing to save on energy usage.

Through SEARC (Sustainable Energy Applied Research Centre), Kingston has a ground mounted solar inverter testing facility.

Sustainability Programs

We are a provincial leader in providing career-ready graduates in sustainability. Our programs at the Kingston campus include Energy Systems Engineering Technology, Wind Turbine Technician programs, and the Sustainable Energy Applied Research Centre (SEARC).

Green Your Diet

Cupanion Rewards Program

Get the bar-coded sticker from your cafeteria or bookstore to place on your reusable mug!

- Download the Cupanion Rewards mobile app from your app store for free
- Use the app to scan your bar-code when you check out from the cafeteria with your reusable mug or Eco-Container to earn points!

1000 points = \$10 Brown's Dining Coupon

Eco-Containers

Instead of take-out containers from the cafeteria, use the Eco-Container to reduce the amount going into landfill. Ask the chef to serve your food in an Eco-Container. Return to one the Eco-Container drop-off sites.

Hydration Stations

Quench your thirst and have limitless refills of water at one of the hydration stations around the Kingston campus!

Coffee Cup Recycling

St. Lawrence College recycles coffee cups. Be sure to place you cup in one of the containers!

Green Your Ride

E-Bike & EV Charging Stations

St. Lawrence College has solar powered e-bike charging stations located in front of the Energy House. There are two electrical vehicle charging stations at the blue wing. Charge up for free!

Carpooling at St. Lawrence College

Travelling to and from SLC? Try carpooling! Find your perfect carpool match on your campus! Sign-up to find a ride!

carpoolworld.com/slccarpool

Cycle Instead - Bike Racks

Take advantage of the many bicycle racks around the College. Racks are located at the main entrance, the SHAC, and Residence. Reduce emissions, save money, and stay fit.

Kingston Transit - Students

Your bus pass is included in your tuition! Student cards give students access to ride transit anywhere in the Kingston area. Public transit reduces greenhouse gas emissions.

Kingston Transit Transpass - Employees

Employees at SLC have the option to use the Kingston Transit's Employer Transpass Program. The program is a discounted monthly bus pass offered through employers to their staff.

Green Your Studies

Green Living Wall

Study, relax, and catch up with friends at St. Lawrence College's green living wall. The eco-study pods are all made with refurbished wood and have LED lighting to save on energy!

Green Campus Guide

Cornwall Sustainability

Student Green Fees

Did you know that \$15 of your student fees each year is put directly into green projects? A Green Fee Advisory Committee exists on each campus to implement sustainability related projects with these funds each year.

Past Projects:

- Furniture for study spaces
- Exterior patio furniture
- Hydration stations
- Envirozone recycling/waste containers

Natural Environment

Enjoy Cornwall's beautiful walking paths and waterfront. Study in one of the many gardens and take a walk down the butterfly walk-way to relax.

Sustainability Programs

Cornwall campus is home to the Environmental Technician program. The program provides courses in water and air quality, waste management, occupational health and safety and environmental assessment.

Green Your Diet

Hydration Stations

Quench your thirst and have limitless refills of water at one of the hydration stations on the Cornwall campus.

Coffee Cup Recycling

St. Lawrence College recycles coffee cups. Make sure you place your cup in the recycling container!

Cupanion Rewards Program

Get the bar-coded sticker from your cafeteria or bookstore to place on your reusable mug.

- Download the Cupanion Rewards mobile app on from your phone's app store for free
- Scan the Cupanion Rewards cup tag each time you use a reusable cup
- Use the app to scan the tag to earn rewards

1000 points = \$10 Brown's Dining Coupon
