Subject: California State University, Los Angeles STARS Submission

Dear Committee Members:

California State University, Los Angeles (Cal State LA) is pleased to submit the results of our third comprehensive campus-wide Sustainability Tracking, Assessment and Rating System (STARS) assessment. The University is pleased to participate in this effort to assess and improve upon our current sustainability initiatives, and looks forward to further engaging our community, developing best practices, and making progress towards a more sustainable future.

Cal State LA is continually pushing boundaries to promote the highest standards of social justice and environmental stewardship. The University welcomes the opportunity to share our accomplishments and collaborate with other institutions to advance the cause of sustainability in the Southern California region and beyond.

This report was prepared through collaborative efforts across the entire campus community, and I affirm the data presented to be true and accurate to the best of our abilities. By submitting this report, Cal State LA furthers its commitment toward a more sustainable and resilient future.

Thank you for providing the opportunity for our campus to evaluate and measure our sustainable performance.

Sincerely,
