To whom it may concern:

This is to affirm that I have served as the reviewer for the STARS 2.1 submission for the University of Colorado Colorado Springs. I have utilized the template, along with staff members in the Office of Sustainability, student employees, faculty, and staff, to correct errors, add missing information, or to increase accuracy. We also used an internal spreadsheet where more notes, comments, assignments of responsibility, and thoughts were shared. The STARS template was used in conjunction and mainly to do the final review.

To the best of my knowledge, we have reviewed all credits and are ready to submit.

Sincerely,

Linda Kogan
Sustainability Director
