

# TRANSPORTATION

## OP-15: Student Commute Modal Split

### Criteria

**Institution's students commute to and from campus using more sustainable options such as walking, bicycling, vanpooling or carpooling, taking public transportation, riding motorcycles or scooters, riding a campus shuttle, or a combination of these options. Students who live on campus should be included in the calculation based on how they get to and from their classes.**

The percentage (0-100) of institution's students who use more sustainable commuting options

%

The percentage (0-100) of institution's students who commute with only the driver in the vehicle (excluding motorcycles and scooters) as their primary method of transportation

%

The percentage (0-100) of institution's students who walk, bicycle, or use other non-motorized means as their primary method of transportation. Please note that this may include on-campus residents

%

The percentage (0-100) of institution's students who vanpool or carpool as their primary method of transportation

%

The percentage (0-100) of institution's students who take a campus shuttle or public transportation as their primary method of transportation

%

The percentage (0-100) of institution's students who use a motorcycle, scooter or moped as their primary method of transportation

%

The website URL where information about alternative transportation is available

# OP-16: Employee Commute Modal Split

## Criteria

**Institution's employees (faculty, staff, and administrators) commute to and from campus using more sustainable options such as walking, bicycling, vanpooling or carpooling, taking public transportation, riding motorcycles or scooters, riding a campus shuttle, or a combination of these options. Employees who live on campus should be included in the calculation based on how they get to and from their workplace.**

The percentage (0-100) of institution's employees that use more sustainable commuting options

%

The percentage (0-100) of institution's employees who commute with only the driver in the vehicle (excluding motorcycles and scooters) as their primary method of transportation

%

The percentage (0-100) of institution's employees who walk, bicycle, or use other non-motorized means as their primary method of transportation. Please note that this may include on-campus residents

%

The percentage (0-100) of institution's employees who vanpool or carpool as their primary method of transportation

%

The percentage (0-100) of institution's employees who take a campus shuttle or public transportation as their primary method of transportation

%

The percentage (0-100) of institution's employees who use a motorcycle, scooter, or moped as their primary method of transportation
