

Certificate of Allocation of RECs

I, Aran Rice, declare on behalf of Summit Energy Services that:

1. RECs in the amount described below, associated with electric power generation from renewable resource(s) listed below, are hereby Allocated to Slippery Rock University in accordance with the terms of the Purchase Agreement entered into between Summit Energy Services, Inc. and Slippery Rock University on the 2nd day of February 2021. Further, I certify that the RECs are associated with power generated from the renewable resource(s) listed below:

Clean Source – US Wind 2021e

Facility Name: Chisholm View Wind Project
Location: Oklahoma, USA
EIA Number: 58041
Capacity: 200.0 MW
Commercial Online Date: 12/07/2012
Volume: 6,332 MWh

2. Summit Energy Services represents and warrants the environmental attributes, including any attendant emission reductions, that are the subject of this Certificate of Allocation, have not been and will not be sold, reserved, or conveyed to any person other than Slippery Rock University, and the electric power generated in association with these RECs has not been represented to retain or possess, and will not be represented as retaining or possessing, such attributes.

3. Summit Energy Services represents and warrants that the RECs that are the subject of this Certificate of Allocation will be retired by Seller on behalf of Purchaser in accordance with the requirements of the Green-e Energy program on or before the first day of June 2022, and that such retirement will be certified by the Center for Resource Solutions.

As an authorized agent of Summit Energy Services, Inc. I have authority to submit this report on behalf of Summit Energy Services.
