To Whom it May Concern:

It is my great pleasure to enclose Austin Peay State University's first Reporter submission for the AASHE's Sustainability Tracking, Assessment & Rating System (STARS).

Austin Peay State University (APSU) is committed to continued transparency toward a more sustainable future. We believe that tracking and reporting are the first steps to understanding the impact our campus has on local and global environments.

Since first registering as a member of AASHE in 2017, APSU has implemented many sustainable initiatives including hiring a Sustainability Coordinator. Ultimately, we are striving to inspire our community to think more inclusively and economically to better our environment.

As the Director of Physical Plant, I affirm that the information in this submission has been checked for accuracy. I would like to thank the staff and faculty who have contributed to this submission and will continue to support this university's sustainable goals. I look forward to continuing down this path with the support of AASHE.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Hutchins', written over a light blue horizontal line.

Tom Hutchins
Director, Physical Plant
