Re: California State University, Bakersfield STARS Report

Dear AASHE STARS Steering Committee,

We are pleased to submit California State University, Bakersfield's (CSU Bakersfield) AASHE Sustainability Tracking, Assessment and Rating System (STARS) report that reflects the great work our faculty, staff, and students are doing in advancing environmental sustainability on campus and in our community. The information included has been checked for accuracy and is correct to the best of our knowledge.

CSU Bakersfield is committed to reducing our institution's environmental impact through education, research, partnerships, and innovation. I take great pride in the fact that our students, staff, and faculty are committed to demonstrating environmental leadership on campus and in our surrounding community. With this report, we plan to address areas for improvement so that we can collectively work towards a more sustainable future for future generations.

Sincerely,

A handwritten signature in cursive script that reads 'Horace Mitchell'.

Horace Mitchell, Ph.D.  
President
